

BRINGING THE CINEMA TO YOUR HOME.

ABOUT LUMINA SCREENS

Lumina Screens is a part of Galalite Screens, a family-owned business that has been a leader in projection screen innovation for over 65 years. We don't just see our screens as plain white fabric; we carefully research and design each one to meet our customers' needs. Our screens are made in India, allowing us to maintain high quality and thorough inspection.

OUR FABRICS

Lumina Screens offers a premium range of high-performance projection fabrics, designed to enhance both home theaters and professional spaces. Made from the finest European materials, our screens provide exceptional clarity, contrast, and durability-ensuring a superior viewing experience every time.

Matte White

Classic white screen for uniform brightness and wide viewing angles

SPECIFICATION

Fabric Type	PVC
Projection Type	Mid-Long Throw
Surface [Projection Area]	White
Backing	White
Gain	1
Resolution	Upto 4K
Maximum viewing Width [in inches]	No limitation
Maximum viewing Height [in inches]	No limitation
Available in perforation [Acoustically Transparent]	Yes
Openness Factor	4.7%
Ambient Light Rejection Rate [ALR]	-
Half Viewing Angle [HAV]	-
Flame Retardant	Yes
Compatible for	2D Projection

OUR JOURNEY

1959 Galalite was founded, shaping the future of cinema screens.

1980 Diversified into smaller screens due to the impact of VHS on cinemas.

1990 Expanded into international markets.

2007 Established a dedicated cinema screen manufacturing facility.

2017 Launched Home Theatre Screens under the Lumina brand.

2024-2025 Launching new products—advancing innovation, enhancing visuals, and bringing cinema home with an immersive experience.

WHY LUMINA SCREENS?

Legacy of Excellence

With a heritage rooted in over six decades of screen manufacturing of Galalite, Lumina Screens brings unmatched expertise and innovation to the AV industry.

Comprehensive Product Range

From high-performance ALR screens like the Leor Series to versatile projection solutions, Lumina offers a diverse range tailored to meet every viewing need.

100% Customized – Built to Order

Every Lumina screen is crafted to precision, fully customized to fit unique requirements. Whether it's size, aspect ratio or surface type we build screens exactly the way you need them.

Uncompromising Quality – Made In-House

We control every aspect of production, including our advanced coating plant, ensuring strict quality checks at every stage. This results in reliable, high-performance screens that stand out in durability and visual excellence.

Proudly Made in India

Designed and manufactured in India, Lumina Screens takes pride in supporting local industries while delivering world-class quality.

Customer-Centric Approach

At Lumina, customer satisfaction is at the heart of everything we do. Our focus on superior products, timely deliveries, and dedicated support ensures an exceptional experience for every customer.

Innovation-Driven Performance

Our dedicated R&D team continuously innovates, integrating the latest technology advancements to enhance viewing experiences and set new industry standards.

Reliability You Can Trust

With consistent product quality, on-time deliveries, and robust after-sales support, Lumina Screens is the dependable choice for professionals and enthusiasts alike.

Lumina Screens Where Performance Meets Precision.
